### About Briell Decker:

At age 18, Briell Decker became the 65th wife of the Prophet Warren Jeffs in the FLDS Mormon Cult in Utah, where she survived years of abuse and torment. After escaping the FLDS, she remodeled and restored Jeffs' mansion to serve as a place of hope and refuge for other women and children leaving the FLDS. Briell has dramatically rewritten her script from cult victim to advocate and is now a Certified Peer Support Specialist at the Short Creek Dream Center.
